"text": " Hari here, I'm going to run the daily stand up meeting today. We can get started. Morning
Hari, morning Sindhu. Radhakrishnan here. So yesterday I've been assigned with a couple of tickets
related to balance transfer. So I have written manual test cases initially for that and got it
signed off from the BA and PO in our team. and since the latest build is now available in QA, I
have started testing those scenarios and monitoring how the system behaves for the different
scenarios. So far, the system is good and there are no any defects and if there are any, I will
raise it accordingly and once the execution is done, I will focus on converting those steps into
automation scripts and see how it goes. So that's the update from my side. Thanks. Thank you
Radhakrishnan. Good morning everyone. Sindhu here. Yesterday I have completed smoke and regression
testing for the payments module and log3 defects in Jira. And today I will be continuing manual
